Now exit and select Practice under Championship Mode. When selecting your character, hold Down on the analog pad. When the game starts, you're riding a dolphin. You can't go outside of Dolphin Park, but it's still a fun trick.

Easy Points

To rack up some easy points, pause the game after completing a stunt and right as you land on the water. When done correctly, all sounds should stop except for the announcer.

Change Colors

While selecting your jetski, highlight any character and hold Up on the D-pad.

Invisible Players

During the opening face-off, pause the game and select Replay. Make a player flash by pressing L or R, and while he's still flashing press the Z-trigger button. This makes the player disappear! You can make all the players disappear and play the game!

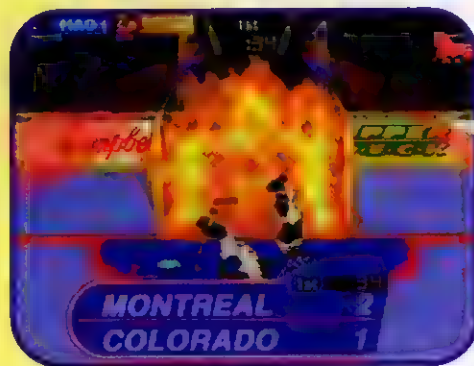

Change Player Physical Attributes

At the Options screen (either during a game or at startup), press and hold any one of the C buttons and press R. This brings up 16 zeroes at the bottom of the screen. CD changes the first two zeros, which affect player head size. CL changes the next two zeros, which affect player size. UC changes the fifth and sixth zeroes, which affect player height.

Try some of the following:

NOTE: For the codes below, zeroes were not added after the first seven digits because you don't use the zeroes after the seventh digit.

Code	Effect
1100000	Normal players, small heads
0100000	Normal players with giant heads
1010100	Midget players
1101100	Giant players, small heads

PILOTWINGS 64

Daytime to Nighttime

In the beginner course, there's a cave in front of a chapel on top of a hill. There is water coming out of the cave and a sewer grate deep inside the cave. Fly up to the sewer grate and the game pauses and makes a wierd sound. The cave should become darker, and when you leave the cave you'll see that it is nighttime!

Warp to Birdman Stage

To warp to the Birdman stage, fly under the bridge on the first level. Grab the star and you're off to the Birdman stage.

Warp to San Francisco

While on the New York stage, start on Little States Island and select either the Rocketbelt or the Gyrocopter. Travel west from Central Park to the building that has an open door. Walk inside and past the N64 logo. Find another door so that you can exit. When you open this door, you're in San Francisco.

Refuel Jet Pack

To refuel your jet pack, land at any gas station.
